

BYOD Minimum Specifications

Component	Minimum Requirement	Notes
Operating System	Windows 10 Home (x64)	<p>Since the units will only be connected to the wi-fi it can be home addition. x64 architecture to fit within our existing school environment</p> <p>NB: Some parents may opt for a MacBook however please be aware not all the required software (especially the OneNote plugins) will work on a Mac and support from ICT will be limited. Please note current Gen Macs do not support Touchscreen functionality which is encouraged at the school.</p> <p>Chromebooks and iPads are not supported and will not work at the school.</p>

Wi-Fi ~~is~~ does not off

CPU (Processor)	Intel celeron 6 th Gen or above	<p>The better the processor e.g. Intel core i3/i5 the better the learning experience for your child. Please be aware some cheaper units offer AMD processors that may not be optimised for a mobile use and can be very power hungry.</p> <p>For optimal experience intel i5 11th Gen is recommended</p> <p>Once again a balance between weight, usability, battery life. Too small you may als</p>
Screen size	11.6" WXGA 1366 x 768	

		peripherals including external monitor
